## WORKING AT TELEON

**MORE THAN A WORKPLACE,  
A PLACE FOR IDEAS**

**For us, it's about more than products. We are an employer who puts people first, because behind every innovation is a person who matters.**

Our culture is shaped by openness, team spirit, and mutual respect - whether you join us as a student, a career starter, or an experienced professional.

# TELEON SURGICAL PASSION FOR PERFECT VISION

Teleon has been developing innovative intraocular lenses for cataract surgery for over 30 years, like our unique product families: ACUNEX<sup>®</sup>, LENTIS<sup>®</sup>, and FEMTIS<sup>®</sup>.

**Shape the medical technology of tomorrow with us.**

- Headquarter: Netherlands
- Own R&D and high-tech production facility
- Independent IOL manufacturer with global reach
- 180 employees
- 30+ years of expertise in ophthalmic technology
- Premium products for eye care
- Committed to climate protection: CO<sup>2</sup>-neutral by 2040

## **ROBERT SCHOLZ**

*Product Manager*

„Worldwide and varied contacts through a large sales network with distributors on all 5 continents.“

## **LAURA SCHEER**

*Working Student*

“As a working student in HR at Teleon, I see every day how much value is placed on teamwork, personal development, and a modern working environment.”

# YOUR OPPORTUNITIES

OWN BULLSEYE!  
GOT IDEAS? BRING  
THEM TO TELEON!  
INTERNS & STUDENTS  
WELCOME!

## OUR TECHNOLOGY

### WHAT'S AN IOL?

**IOLs are small implants with a big impact**

Restoring vision after cataract surgery and correcting refractive errors like presbyopia or astigmatism. At Teleon, we make this possible for patients worldwide.

TELEON®

Your Future starts Here.
