

We are hiring!

Do you want to take the lead in impactful projects where technology and business come together? And do you want to contribute in an international, fast-growing, dynamic company that strives every day to improve vision for people? And are you familiar with the complexities of running multidisciplinary projects? At Teleon Surgical, located in Spankeren (near Arnhem, the Netherlands) we are looking for a

Project Manager

What will you do?

As a Project Manager, you will be the driving force behind cross-disciplinary projects. You will coordinate teams, align stakeholders, and ensure that projects are delivered on time, within scope and with lasting impact. You will also have a key role in optimizing processes and shaping strategic initiatives that strengthen our company's international growth.

Who are you?

- You hold a Master's degree in Technical Business Administration, Medical Sciences or equivalent.
- You have strong organizational and leadership skills, with a pro-active, hands-on mindset.
- You communicate effectively across technical and managerial levels.
- You are fluent in English and Dutch.
- Nice to have: knowledge of Chinese is an advantage.

What do we offer

- A dynamic, innovative environment where you can lead meaningful projects.
- Plenty of opportunities for personal development and career growth.
- Collaboration with international partners and colleagues.
- A team of enthusiastic professionals ready to build success together.

The organisation

Teleon Surgical B.V. is a dynamic, innovative company specializing in state-of-the-art Intraocular Lenses and accessories for eye surgery. We have a dedicated team of 185 international professionals working at our three locations in Spankeren, Berlin and Leverkusen. Thanks to our long experience of more than 35 years in the intraocular lens industry and our own in-house R&D division and state-of-the-art production facility in Spankeren, we are a leading player in the development of technological solutions for eye surgery.
