

We are looking for YOU!

People, management and medical technology

With a part-time job at Teleon, you are choosing a varied job in the intraocular lens sector alongside your studies.

INTRODUCE YOURSELF and become part of the Teleon family!

Part-time student assistant for scientific research work (f/m/d)

Location: Berlin / Hybride Remote Option

Your tasks are:

- Reading and analyzing scientific publications in the field of ophthalmology
- Information management using Microsoft Excel

Your profile:

- Very good knowledge of German and English (at least B2)
- Good knowledge of Excel
- Basic knowledge of ophthalmology, especially intraocular lenses
- Ability to work independently and reliably
- Understanding of the structure of scientific publications (optional)

What we can offer you:

- Comprehensive range of tasks with scientific focus in an innovative industry
- Appropriate remuneration
- Familiar working atmosphere
- Collaboration in a motivated, collegial team
- Flat hierarchies and short decision-making processes

The company

Teleon Surgical is a dynamic, innovative company specializing in state-of-the-art intraocular lenses and accessories for eye surgery. We have a dedicated team of 180 international professionals working at our three locations in Spankeren, Berlin and Leverkusen. With more than 25 years of experience in the IOL industry, an in-house research and development department and a state-of-the-art production facility in Spankeren, we are a leader in the development of ground-breaking technical solutions for eye surgery.
